

SAFETY DATA SHEET

CAR CARE PRODUCT

SECTION I. PRODUCT AND COMPANY IDENTIFICATION

Product name : **Clay Lubricant**
Product code : **430**

Manufacturer name : Detailer Stop
Address : 6421 Woodman Ave, Van Nuys, CA 91401
Telephone : (657) 258-0210
Emergency telephone : 24 hr. Emergency - 1-800-535-5053 (INFOTRAC)

SECTION II. HAZARD(S) IDENTIFICATION

Classification of the Substance or Mixture:

- 1) Acute Toxicity-Oral, Skin and Inhalation; Category 4
- 2) Eye Damage/Irritation; Category 2B

GHS label element(s):

NO SYMBOL

Signal Word: WARNING

Hazard Statement:

- a. H303 May be harmful if swallowed.
- b. H320 Causes eye irritation

Precautionary Statements:

Prevention

- a. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product.

Response

- a. If SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Do NOT induce vomiting.
- b. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists; Get medical attention

Storage

SAFETY DATA SHEET

CAR CARE PRODUCT

- a. Keep closed and away from children.

Disposal

- a. Dispose of contents/container in accordance with local, state and federal regulations.

HMIS Classification:	Health Hazard:	0
	Flammability:	0
	Physical Hazards:	0
NFPA Rating:	Health Hazard:	0
	Fire:	0
	Reactivity Hazard:	0

SECTION III. COMPOSITION / INFORMATION ON INGREDIENTS:

Substance : Mixture

Product Description : Cleaner

<u>Chemical Name</u>	<u>CAS Number</u>	<u>% IN PRODUCT</u>
Isopropyl Alcohol-Biodegradable	67-63-0	3 to 6
Polydimethylsiloxane-Biodegradable	63148-62-9	<3
Dihydroxymethyl	6440-58-0	<1
Green Apple	Scent GA	<0.5

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentration applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

SECTION IV. FIRST AID MEASURES

Description of necessary first aid measures:

- If Inhaled:** Move person to fresh air at once. If breathing has stopped, give artificial respiration. Consult a physician if symptoms are experienced.
- If Skin contact:** No first aid should be needed, however if irritation occurs wash contacted areas with mild soap and water
- Eye contact:** Flush eyes cautiously with plenty of water for at least 15 minutes. Remove

SAFETY DATA SHEET

CAR CARE PRODUCT

contact lenses if able to do so and present. Get immediate emergency medical attention.

If Ingested: Do NOT induce vomiting unless instructed to do so by a physician. Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention.

Most important symptoms/effects, acute and delayed

a. Potential acute health effects

- If Inhaled:** Fine mist may cause irritation of the nose and throat.
- If Skin contact:** Prolonged exposure may cause irritation.
- Eye contact:** Prolonged exposure can cause irritation.
- If Ingested:** Gastrointestinal irritation.

b. Over-exposure signs/symptoms

- If Inhaled:** Adverse symptoms may include the following: No significant effect
- If Skin contact:** Adverse symptoms may include the following: No significant effect.
- Eye contact:** Adverse symptoms may include the following: Irritation
- If Ingested:** Adverse symptoms may include the following: Gastrointestinal irritation

c. Indication if immediate medical attention and special treatment needed, if necessary:

- Notes to physician** Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
- Specific treatments** No specific treatment
- Protection of first-aiders** No action should be taken involving any personal risk or without suitable training. Wash contaminated clothing thoroughly with water before removing it.

SECTION V. FIREFIGHTING MEASURES

Extinguishing Media

- Suitable extinguishing media** Regular Foam, Waterfog, Carbon Dioxide, or Dry Chemicals
- Unsuitable extinguishing media** None known

SAFETY DATA SHEET

CAR CARE PRODUCT

Specific hazards arising from the chemical In a fire or if heated, a pressure increase will occur and the container may burst.

Hazardous thermal decomposition products

Special protective actions for firefighters If there is a fire promptly isolate the scene by removing all persons from the vicinity of the incident.

Special protective equipment for firefighters Firefighters should wear appropriate equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Hazardous Decomposition: None

Special Fire Fighting Procedures: None

Unusual Fire / Explosion Hazards: None

SECTION VI. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Shut off all ignition sources. No flares, smoking or flares in hazard area. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

For emergency responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in for *“For non-emergency personnel”*.

Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and materials for containment and cleaning up

SAFETY DATA SHEET

CAR CARE PRODUCT

Small spill: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Use spark-proof tools and explosion-proof equipment. Dispose via a licensed waste disposal contractor.

Large spill: Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Use spark-proof and explosion-proof equipment. Dispose via a licensed waste contractor. Contaminated absorbent material may pose the same hazard.

Use gloves, goggles, boots and breathing mask. Small amounts do not need special measures. Clean up with water. For large spills remove all sources of ignition. Ventilate area. Absorb with an inert absorbent material. Avoid runoff into drains and sewers. All used and unused product should be disposed of in conformance with local, state and federal regulations.

SECTION VII. HANDLING AND STORAGE

Precautions for safe handling: Put on appropriate protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not ingest. Avoid breathing vapor or mist. Keep in the original container or an approved alternate made from compatible material, keep tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Do not reuse container. Wash thoroughly after use.

Conditions for safe storage: Store in original container protected from direct sunlight in dry, cool and well ventilated area, away from incompatible material (see Section 10) and food and drink. Do not store in unlabeled.

Store materials tightly closed and away from sunlight, warm confined spaces, heat and open flame. Never weld on or near containers either empty or full. Secure all chemicals out of the reach of children.

SAFETY DATA SHEET

CAR CARE PRODUCT

SECTION VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters

Occupational exposure limits

<u>Ingredient Name</u>	<u>CAS Number</u>	<u>PEL/OSHA</u>	<u>TLV-ACGIH</u>
Isopropyl Alcohol-Biodegradable	67-63-0	400 ppm	500 ppm
Polydimethylsiloxane-Biodegradable	63148-62-9	Not Established	Not Established
Dihydroxymethyl	6440-58-0	Not Established	Not Established
Green Apple	Scent GA	Not Established	Not Established

Appropriate engineering controls: No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

Individual protection measures

Hygiene Measures:	Wash hands forearms and face thoroughly after handling chemical products.
Eye/Face protection:	None
Skin protection:	None
Respiratory protection:	None

SECTION IX. PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Milky Liquid	Specific Gravity:	1.012
Color	Lavender	Vapor Pressure:	>1 (low volatile)
Odor:	Grape	Volatiles:	100%
pH	7	Vapor Density:	>1 fall in air
Boiling Point:	>212°F	Solubility:	100% soluble in Water
Flash Point:	None	Evaporation Rate:	> water

Volatile Organic Compound (VOC) content for Consumer Products Applications Percent by weight: <3.0%

SECTION X. STABILITY AND REACTIVITY

Reactivity: No specific test data related to reactivity available for this product or its ingredients.

Chemical stability: The product is stable.

SAFETY DATA SHEET

CAR CARE PRODUCT

Possibility of hazardous reactions: Under normal conditions of storage or use, hazardous reactions will not occur.

Conditions of instability: When exposed to high temperatures colors may fade and bottles may panel.

Conditions to avoid: No specific data

Hazardous decomposition products: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION XI. TOXICOLOGICAL INFORMATION

Information on toxicological effects

Acute Toxicity: Not classified

Irritation/corrosion: a) EYES – Irritation
b) SKIN – No significant effect
c) INHALATION – No significant effect
d) INGESTION – Gastrointestinal irritation

Sensitization: Not determined

Mutagenicity: Not determined

Carcinogenicity: Not determined

Reproductive Toxicity: Not determined

Teratogenicity: Not determined

Specific target organ toxicity (single exposure): Not determined

Specific target organ toxicity (repeated exposure): Not determined

Aspiration hazard: Not determined

Information of likely routes of entry: Skin, Eyes, Mouth and Inhalation

Delayed and immediate effects and also chronic effects from short and long term exposure

Short Term Exposure

Potential immediate effects: Not available

Potential delayed effects: Not available

Long Term Exposure

Potential immediate effects: Not available

Potential delayed effects: Not available

Potential Chronic Health Effects

SAFETY DATA SHEET

CAR CARE PRODUCT

General:	No known significant effects or critical hazards.
Carcinogenicity:	No known significant effects or critical hazards.
Mutagenicity:	No known significant effects or critical hazards.
Teragenicity:	No known significant effects or critical hazards.
Developmental effects:	No known significant effects or critical hazards.
Fertility Effects:	No known significant effects or critical hazards.

SECTION XII. ECOLOGICAL INFORMATION

Ecotoxicity:	Not available
Persistence and degradability:	Not available
Bioaccumulative potential:	Not available
Mobility in soil:	
(soil/water) partition coefficient (Koc):	Not available
Other adverse effects:	No known significant effects or critical hazards.

SECTION XIII. DISPOSAL CONSIDERATIONS

Disposal Methods: The generations of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incinerations or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drain and sewers. See Section 8 for information on appropriate personal protective equipment.

SECTION XIV. TRANSPORT INFORMATION

SAFETY DATA SHEET

CAR CARE PRODUCT

	DOT	IMDG	IATA
UN Number	Not regulated	Not regulated	Not regulated
UN proper shipping name	None	None	None
Transport hazard class(es)	Not classified as Hazardous for transport	Not classified as Hazardous for transport	Not classified as Hazardous for transport
Packing group	Not applicable	Not applicable	Not applicable
Environmental hazards	No	No	No
Special precautions for user	Not available	Not available	Not available
Additional Information			

Special precautions for user Always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

SECTION XV. REGULATORY INFORMATION

Clean Air Act Section 112(b) Hazardous Air Pollutants (HAPs)	Not listed
Clean Air Act Section 602 Class I Substances	Not listed
Clean Air Act Section 602 Class II Substances	Not listed
DEA List I Chemicals (Precursor Chemicals)	Not listed
DEA List II Chemicals (Essential Chemicals)	Not listed
SARA 302/3043/311/312 extremely hazardous substances	Not applicable
SARA 302/304 emergency planning and notification	Not applicable
SARA 302/304/311/312 hazardous chemicals	No products were found

SECTION XVI. OTHER INFORMATION

Hazardous Material Information System II (U.S.A.):

HEALTH	0
FLAMMABILITY	0
REACTIVITY	0
PPE	G

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings are not required on MSDSs under CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® registered mark of the National Paint & Coatings Association (NPCA). HMIS® materials may be purchased exclusively from J.J.Keller (800) 327-6868. The customer is responsible for determining the PPE code for this material.
